# Roll With It

Ready to roll? Grab your glosser, some pins and plenty of inspiration from this season's runways.

Tresses roll with the flow, taking some unusual twists and turns that present as either girlish (Gianfranco Ferré's floppy bow) or elegant (Carolina Herrera's tuck and twist), retro (Jean Paul Gaultier's bombastic beehive) or futuristic (Sarah Eason' divine donut roll). No matter how you roll with your client's mane, be sure to spritz her strands with a glossy spray to enhance the swells and dips in this cylindrical style. —KLF
